#### INSTITUTIONS

Attention: The institutions listed in each month's travel sheet are simply those to be visited by film/video makers during a specific three-month period. In order to handle the requests of numerous institutions wishing to be contacted by the artists a complete list of all institutions (as well as all participating film/video makers) will be sent in September. This list will be updated every four months. We hope this will serve as a further method of putting and keeping the independent film/video world in touch with itself.
